

Mask up at meals!

Always mask up before talking !

— **If you are going to eat and talk during your meal, keep your mask on and remove one ear strap, eat, and put the mask back on before talking.**

— **If you are not talking while eating, you can remove your mask entirely while eating.**

— **Wear your mask even with those close to you**

Try keeping your mask on at meals even with your family!

— **Keep your mask on before and after meals!**

Happiryu's top safety tips to follow while eating out:

Keep mealtime short (Max 2 hours)

Go in small groups

Don't talk in loud voices
