### Topic 1

From this morning, our language study class began. We separated into two classes. All of the students listened to the teachers seriously. They used their textbook and learned how we are going to spend our life in this area in detail.

### Topic 2

After the class, we went to the fire station. The firemen are very cool! We had a lot of experiences, such as water shooting, wearing fireman's protectors, and so on.

### Topic 3

After the fire station, we prepared our welcome party. 2 teams were preparing, the dancing team and quiz team.

Around 6:00 p.m. the welcome party began. First, Mrs. Mary, the president of the PTA, introduced each host family, and Ms. Takano gave a hello speech to the audience. She got a big applause.

After the speech, with Ms. Yamamoto's MC, the dance team gathered in the front. The dancing team showed the AKB dance called 'heavy rotation'. Some male students wore girl's skirt and ribbon, just like all the girls in the members wore. The boy in the center place wore a long wig and danced amusingly. It made everyone roar with laughter.

Next the Quiz team. Ms. Kerami explained the rule of the quiz and started. Each member gave a quiz. An American boy got the top score and had 7 correct answers. He got a 'back scratcher' as a gift.

The party lasted until 7:30 p.m. The next 2 days, we'll have an exciting weekend!!
