

Study Tour in California

Hosted by Fukui Prefectural Board of Education

Group A

The 8th Day

Wednesday

March 20, 2013

1. At Olvera Street (in L.A.)

Today some troubles delayed our bus for 2 hours, but around 9:30 we left for Los Angeles. First, we went through the Dragon Gate, then we got to Olvera Street. There were many traditional souvenir shops. We walked around and got some souvenirs.

2. At STAPLES Center and Farmer's Market

Then we went to STAPLES Center, which is a kind of landmark around here, and walked around. Some students bought basketball goods, and others took pictures with some statues.

After the Center, we had lunch at Farmer's Market. There were many people and a lot of food there. Students of B-group were there, too, so they enjoyed talking with each other.

3. At Venice Beach and Hollywood

After lunch, we went to Venice Beach. It's a beautiful place and had a lot of shops. We took photos and bought some souvenirs. Then, we left for Hollywood. We had only an

hour to stay there because of a traffic jam on the way, but we walked around and enjoyed Hollywood as much as possible.

< From Students' Diary >

L.A.!!! I was looking forward to going to L.A. First, we went to Olvera Street. There were a lot of cheap goods, so I bought a bag for myself. (*Ikuyo Hasegawa, Katsuyama HS*)

At lunch, I ate meat spaghetti and fruit tart. It was really delicious. I wanna eat it again! I saw a 'Hollywood' character, but it was too small to see. (*Arisa Hirano, Fukui commercial HS*)

The sight of the LA was very good because the buildings were traditional. At the Farmer's market, I had Chinese food for lunch and bought Dream Catcher. (*Takeshi Aoki, Takefu HS*)

We visited Venice Beach. It was very beautiful. I want to swim there someday. Can I swim there? We had a very good time. I want to visit the beach again. (*Maki Enami, Ono HS*)
