1. University Preparatory High School (Second Day)

Today is the second day of our visit to University Preparatory HS. The same buddy came to take us to their classes, and we learned together. Some classes had an experiment.

After the morning classes, students gathered at the Café for lunch, took pictures together, and said good-bye as if they didn't want to leave.

2. At the Study Center

This afternoon, we had the last English lesson at our Study Center. In the lesson, we introduced our teachers to holidays in Japan, such as New years day, Children's Day, and Doll's Day. After the lesson, we made a message card for our host

families. On Sunday, we will have a farewell party here!

< From Students' Diary (3/21)>

My buddy is 17, too. Her dream is to become a doctor. She can play violin and she was very kind to me. And I met a boy who studies Japanese. He speaks Japanese well. We could talk about the difficulty of learning another language. (*Momoko Nakachi, Fujishima HS*)

In the English lesson, the students were debating. Since it was a form which my school does not have, I felt it very fresh. Next, I took a music class. It is high quality. The lesson was free and students also looked very happy. (*Chiho Sugimoto, Usui HS*)

I was surprised that when the students move to a different classroom, they have only a short time. I thought it is hard. (*Sachika Hirazawa, Koshi HS*)

I did calligraphy in class. I wrote students' names in Katakana and Hiragana. I am glad to please them. (*Mizuki Nosaka, Koshi HS*)

Although my birthday doesn't come yet, host family celebrated it. They sang me 'Happy Birthday to you' many times. I was very happy! (*Saya Sugita, Koshi HS*)

I showed my host family pictures taken in my school life. I'm happy because they looked like they enjoyed my pictures. They always smiled so I'm really glad to be one of this family.
