We met our teachers' guides

We finally met our teachers' guides, Mandy and Sharron, who took us to a restaurant where we had our lunch, and took us to the shopping center where we could enjoy shopping on our own. We spent two hours there. Then we moved to the church where we would meet our host parents.

We enjoyed the welcome party for us

We were so excited at meeting our host family one by one at the church. We spent time chatting or playing BINGO. Through this time we felt we were getting to know each other little by little.

< From Students' Diary >

Today was very exciting because I met my host family. My host family is very kind, nice, and funny. I was very moved. (from Takefu Higashi S.H.S)

Everyone in my host family is very kind. At the welcome party, I could talk with many people. It was exciting for me. (from Tsuruga S.H.S)

I met my host family at the welcome party. I was nervous when I met them, but my host was kind to me. It's difficult to say my feelings in English, but they accepted me as a family member. So I'd like to communicate more friendly and not be shyly.

We watched a DVD with my host family. It was animated film. I could understand that story. It was exciting. Sometimes I said, "Please say it again." Then my host family would speak slowly, so I could understand. (Shiori Yamada Tsuruga S.H.S)
