Free Day with Host Family #1

Everyone had a good time with their host family. The students went shopping, went to Disneyland, joined their host brother's birthday party, etc. They were all exciting moments.

< From Students' Diary >

I bought one book and two bookmarks. I was very happy to find a magazine about my favorite singer, Taylor Swift. I talked about her a lot, but my host family doesn't like her. It's a little bit sad but O.K.

I had my host brother's birthday. It was beyond my imagination. It's so amazing. I thought it was like a wedding party in Japan. Also I participated in a dance party for the first time. It was just like an American drama. <from Koshi SHS>

I had a wonderful breakfast; chocolate pancakes, bacons and scrambled eggs. It's very American! I learned how to make them, so I want to make them for my family in Japan. <Minami, Fujishima SHS>

I went to Silver Wood Lake. I played Frisbee and American football. I often watch American football but playing by myself is very difficult. I couldn't throw the ball where I wanted to throw it. <Takashi, Katsuyama SHS>
