The 4th day and 5th day were weekend. All the students and escort teachers spent their time with host family. According to their daily journals, some students were taken out in Apple Valley for shopping, and others stayed at home to cook Japanese dishes for their host families. Most of them had a really good time during the weekend.

The 6th day, Monday has come and the 2nd week began. The students had their ESL class in the morning. They learned English conversation in various situations.

### College and Fire Department Tour

After a quick lunch, the students visited Victor Valley College in Apple Valley. They walked around the student service office, library, and music hall. Some of them bought goods with college logos at the book store.

Then, they visited the Fire Department. Fire fighters explained their jobs, the structure of fire engines and medical engines, and inside the building. The students were earnestly listening to what they were saying and asking questions positively.

We had welcome party. We had delicious hamburgers, hot dogs, and so on. We did AKB dance and Japanese quizzes. I was happy because I can talk with other students' host family a lot and had a very good time. (Yuri Tanaka, Fukui Shogyo SHS)

I went shopping and had a relaxing time in my host family's house. I played dancing games with the Wii. My host brothers danced well. (Yuri Kawamoto, Takefu SHS)
